FROM THE EDITOR

The summer is over and the outdoor competitive season draws to a close. To many young swimmers, the excitement of winning their first medal is equaled only by the joys of the older swimmer as he made the Olympic team. And to many, whose only reward was a lowering of their time, the enjoyment of wholesome competition and the development of fine physical stature, it was a summer for growth and seasoning. A necessity in the lives of all athletes.

It has been a wonderful summer for me, for it has been my privilege to meet thousands of swimmers, their parents and their coaches. From these personal meetings I have learned what they want to read, and what they like best. As Beth Kaufman says, "senior swimming is not a matter of age but ability." So give age of swimmers in open meet summaries.

This fall, JUNIOR SWIMMER will again lean heavily on editorial content. There will be articles on conditioning and training. There will be features on strokes and stroke techniques. There will be a comprehensive series "Six Keys to Swimming Success." There will be articles on health, and related subjects.

These are but a few of the features that you will read exclusively in JUNIOR SWIMMER. And of course we will continue to run the meet summaries of *every* major Age Group meet, important high school meets and championships, and our Nationals.

When available, the Age Group Year's Best Times, and Jr. Olympic Best will run in JUNIOR SWIMMER.

Sincerely,
Albert Schoenfield

OBSERVATIONS AT THE TRIALS

By Beth Kaufman National Age Group Chairman

It was an honor for me to attend the Olympic Trials for the Men & Women held in Detroit this summer.

Through the experienced eyes of coaching, one is able to see what goes into making a great swimmer. For swimming is the toughest sport . . . demanding and jealous of any break either in training or in the mode of living.

What a clinic of swimming it turned out to be. To learn from the great American coaches, their methods of arriving at the top point or peak to which a swimmer must be tuned, to be able to enter the highest of all American competition, the Olympic Trials. Our coaches are great, and to watch Bob Kiphuth, Dave Ambrust, Gus Stager, Matt Mann, Charles Sava, Kris Kristenson, Mary Kelly, Jim Counsilman, Walt Schlueter, Johnny Galvich, Peter Daland, was to learn. Those from the Women's Olympic Committee had a chance to watch their two coaches, Sammy Lee-Diving and George Haines-Swimming, work with our girls. And work they did.

The choice of Betty Baldwin as manager was beyond reproach, for staying on the deck as Assistant Clerk of Course, Betty untiringly checked and and watched each of the girls swim their event.

It is truly the greatest team that has ever been sent from the United States. The competition was tops and it was close. To me, the breaststroke times were outstanding. The Games in Rome are due for a surprise in what has heretofore been our weakest stroke. It has proven the worth of the Age Group Program . . . the program that has steadily built up our boys and girls to what they are today. Over 50,000 youngsters swimming in our A.A.U. meets and swimming in clubs, give proof positive that the program has far exceeded the idea that was first tried out in 1952 as a trial under the jurisdiction of the Womens National Swim Committee.

The program has now grown up. A National Committee, standing on its own feet, works to feed into the Nationals and Olympics, swimmers of ability.

Senior swimming is not a matter of age but of ability. I stated last month that the Olympic Team would be made up of graduates from the Age Group Program, but I was sadly mistaken. Many are still in the Age Group Bracket, and I hope they will still be splashing away for the 1964 Olympic Games.

COVER: OLYMPIANS, 1968 . . . These 8 & under girls are leaving the blocks at the start of a 50 meter freestyle (lc) at the famous Los Angeles Olympic Swim Stadium at a typical age group meet in California. This scene was repeated in almost very state this past summer . . . Age Group Swimming is on the march. (Photo by Frank Rogers, Official SPAAAU photographer).

AGE GROUP SHOCKS AT OLYMPIC TRIALS

Detroit, Michigan — Age Group swimmers from the Pacific to the Atlantic provided the big shock in the Women's Olympic Trials at the Brennan Pools, August 2-5. From the first heat of the first day — 100 meter freestyle it was apparent that the favored champions would be hard pressed to make the team. In that first heat, 14 year old Carolyn Wood, Multnomah AC. Portland, Oregon, shocked the field with an amazing 1:02.6. It took a 1:01.2 effort by Chris von Saltza, 16, Santa Clara Swim Club, which bettered the existing American record to top the young Oregon girl's mark. And so started the toughest "pressure packed" meet ever held in this country.

CHRIS von SALTZA

When 13 year old Donna de Varona, Berkeley Y, flashed to a 1:04.3 in winning her 100 meter freestyle heat, Matt Mann, Oklahoma U. Swim Coach, and 1952 Men's Olympic Team coach, just shook his head and said, "These kids just don't know how fast they *can* swim . . . they don't think, they just go out and swim."

In the second heat of the 100, 15 year old Susie Doerr, Vesper Boat Club, Philadelphia,. served notice that Mary Kelly's girls were not going to be rolled over by west coast power, as she clocked a 1:04.0 to go into the semi finals.

Joan Spillane, (17) Houston Dad's Club, edged Donna Graham, Riviera Swim Club, in winning her heat in 1:03.1.

Lyn Hopkins, (14) Vesper qualified in 1:05.2, Molly Botkin, 16, LAAC, 1:05.8. 14 year olds Martha LeFebre, Indianapolis AC 1:06.5, Suzy Barkley, (14) Berkeley Y, 1:06.4 Robin Johnson, No. Va. Aquatic Club, 1:05.3 together with Multnomah's Joan Matich, 1:06.3, Nancy Kanaby (16) 1:04.4 and Florida's perennial Shirley Stobs, Miami Shores CC, 1:04.2 rounded out the semi-final qualifiers for the 100 m free.

After the semis the field was trimmed down to five age group miss' . . . von Saltza, Wood, deVarona, Botkin and Johnson together with seniors Spillane, Graham and Stobs. In the final, Carolyn Wood off fast almost succeeded in upsetting Chris, as she thrashed out a 1:02.8 to Chris' winning time of 1:02.5. The Texas pride, Joan Spillane finished third in 1:03.2.

As the Oregon teen ager bounced up and down in disbelief crying, "I made it . . . I made it," Chris merely smiled and said, "My legs are killing me . . . This is cold water." Carolyn's coach, Walter Schlueter, in a broad grin said, "She expected to do well in the butterfly, but the freestyle . . . that was a big surprise."

400 METERS FREESTYLE

Three heats in the 400 meters freestyle saw the first four qualifiers come from the age group. Again the indominatable Chris von Saltza smoothly stroked to a 4:49.6. Donna deVarona and Carolyn House, (14) LAAC, put on a stroke for stroke struggle with the blonde Los Angeles girl edging Donna 4:58.8 to 4:59.2. Laural Watson, (15) Santa Clara SC was the fourth qualifier 5:03.2. Following Laural were Joanna Blackwell, LAAC 5:04.2, Joan Spillane, 5:07.6, Sylvia Ruuska, Unat, Calif., 5.08.3 and Sharon Finneran, Coral Gables SC, 5:14.4. Little Nancy Galvich, (14) Riviera Swim Club, 5:21.2 and 13 year olds Babs Huntington, Indianapolis AC, 5:10.3 and Julie Burson, Portage Park, 5:23.0 also made creditable showings.

CAROLYN HOUSE

In the final, with just the first two finishers going to Rome, Chris von Saltza slammed to her second win in a sensational 4:44.5 breaking existing world records and that of Ilsa Konrads 4:55.4 now pending. The 14 year old 10th grader from Los Angeles, Carolyn House, powered to a 4:55.1 with Joan Spillane just missing at 4:56.3. Donna deVarona became the fourth American girl to break the five minute barrier as she went 4:58.9.

100 METERS BUTTERFLY

Four heats made up the prelims for the women's 100 meters buterfly. Qualifying for the finals were Anne Bancroft, (16) No. Va. Aquatic Club 1:09.4, Nancy Ramey, Washington Athletic Club, 1:10.1, Carolyn Schuler, (16) Berkeley Y 1:10.2, Susan Doerr, (15) Vesper Boat Club, 1:10.7, Carolyn Wood, (14) Multnomah, 1:11.1, Becky Collins, (15) Riviera SC 1:11.1, Sylvia Ruuska, Unat, 1:11.5 and Kathy Simecek, Santa Clara SC 1:11.6. Joanne Blackwell, LAAC, 1:11.8 and 13 year old Kathy Ellis, Indianapolis AC 1:13.2, Suzy Thrasher, (15) Ann Arbor SC 1:13.6 were the only others to break 1:15.

CAROLYN WOOD

The next big shock wave came in the final as a loose, relaxed, already Olympian Carolyn Wood dolphined to a fast 1:09.4; just .3 second off the listed American record held by Nancy Ramey. A finger-tip separated Carolyn Schuler from Ann Bancroft as she made the team with a 1:09.6 to Anne's hard luck 1:09.8. Kathy Simecek squeezed into fourth in 1:10.2, followed by Becky Collins 1:10.7, Susan Doerr 1:10.8, Sylvia Ruuska 1:10.9 and Nancy Ramey 1:12.7.

100 METERS BACKSTROKE

Three qualifying heats made up the 100 meters backstroke event, and the first heat winner, Nina Harmer, (14) Vesper Boat Club, gave hint of what was to come as she stroked to a 1:13.4. Leann Johnson, (16) Chuck Lee ST Wash. 1:14.2, and Janice Dresser, (15) Santa Monica SC 1:15.7 also qualified for the finals.

LYNN BURKE

Carin Cone, Shamrock Hilton, Texas, 1:13.4 and teammate Eileen Murphy 1:14.7 made the finals from heat 2.

Lynn Burke, Santa Clara SC, lowered her own pending world record by .1 as she qualified in 1:10.0, followed by the Ohio champ Chris Kluter, Cleveland SC 1:14.4 and Coralie O'Conner, Worcester, Mass. 1:16.2.

In the final, blond transplanted New York to California Lynn Burke again broke her world record with an amazing 1:09.2 and earning the second place berth on the team was Mary Kelly's dorsal star, Nina Harmer . . . a great competitor who did her best under extreme pressure to finish in 1:11.8. Stroked of the team was third place finisher and pre-meet favorite Carin Cone 1:13.2. Other finishers were Kluter 1:14.1, Murphy 1:14.5, Johnson 1:15.2, Dresser 1:15.8 and O'Conner 1:18.3.

100 AND 200 METERS BREASTSTROKE

The two berths for the breaststroke became a series of events . . . 100 and 200 meters. This was due to the Olympic ruling restricting membership on the medley relay to competitors in the individual events. The medley relay is 400 meters (4x100 meters) and since the individual breaststroke event is 200 meters length, the United States Olympic Committee decided that the second berth in breaststroke should be based on the results of the 200 meters Trial and a special 100 meters Trial . . . sorta confusing, but an honest attempt to make the best choice for the second best.

ANN WARNER

Four heats made up the 200 trial, with the winner of the final automatically making the team, and second place finisher becoming the odds on favorite for second choice.

In heat 1, sensational 13 year old Jean Ann Dellekamp, Indianapolis AC broke 3 minutes as her time of 2:59.0 qualified her fifth. Second to Jean in heat 1 was Anne Bancroft, 16, Arlington, Va. who touched at 3:01.5.

PRESSURE, COURAGE, YOUTH WIN AT OLYMPIC TRIALS

Detroit, Michigan—Take 427 individual swimmers . . coax them, drive them, swim them and time them so that when it is all over you have the finest men swimmers from this country filling the 16 Olympic Swim Team berths, that's what the United States Olympic Swimming Committee did on Aug. 2-5.

And that is why coaches like Doc Counsilman, Gus Stager, and Peter Daland say, "This is enough for me . . . it's too tough." And the competitors . . . Bob Kiphuth, Coach of the New Haven SC, said, "I could pick a team from those who missed and they would give the Olympians all they can handle."

Pressure started to build on the first morning as 96 men reported to the clerk of course for the 100 meter freestyle. Jeff Farrell, only six days after an appendectomy, heavily taped around the abdomen, tried a few dives before the heats. Not racing dives, but deep plunges to get into the water head first in a racing position. Bob Kiphuth watched and then said, "He was a shoo-in, but he'll give it all." The crowd responded with a "Go Jeff Go!"

Three semi-final heats were made up from the following qualifiers:

Steve Clark (16), Santa Clara SC :55.5; Jeff Farrell, New Haven SC :55.9; George Harrison, Santa Clara SC :55.9; Richard Blick, No. Cent. Coll SC :56.0; Robert Kaufman, Cambridge, Mass. :56.2; Lance Larson, LAAC, :56.2; R. Bruce Hunter, Cambridge :56.2; Lyman Morris, U.S. Air Force 56.3; Peter Sintz, Indianapolis AC :56.3; James Spreitzer (16), Portage Park, Ill. :56.4; Gary Morris, U.S. Army :56.4; Carl Woolley, Detroit AC :56.8; Denny O'Neill, Indianapolis AC :57.0; Denis Devine, Los Angeles AC :57.1; William Cass, Indianapolis AC :57.3; William Cass, Indianapolis AC :57.3; Lt. John McGill, Navy, New Haven SC :57.2; Don Redington, Los Angeles AC :57.3.

Favorites who failed to make the semis were:

Joe Alkire, San Diego :58.0; Richard McDonough, No. Jersey Swim Assoc. :57.6; Bill Groft (15), York Y :57.2; John Roethke, Donner Pool :57.4; Tim Jecko, New Haven SC :57.2.

Age Group swimmers and their times:

Frank Rice, (16) LAAC :58.6; David Quick (16), Brookhaven CC 1:01.6; Don Schollander, (14) Multnomah AC :59.8; Kenneth Wiebeck (16), Thurston SC :59.6; Rich McGeagh (16), Glendale, Calif. :59.8; Harrison Merrill (16), Atlanta :59.2; Richard Allen (15), Indianapolis AC 1:00.1; Dick Williams (16) Indianapolis AC :58.6.

The talent loaded semis produced the first shock, especially to the California contingent, as the fastest qualifier, Steve Clark, dropped to a :56.4 and missed the finals by a judges decision. The fastest semifinalist was Jeff Farrell, the "people's choice," who agonized if not himself, the spectators with a :55.6. It took electric timers and judging to select the next seven qualifiers: Lance Larson :55.8, George Harrison :55.9, Bruce Hunter :56.0, James Spreitzer :56.1, Lyman Morris :56.2, John McGill :56.3 and Robert Kaufman :56.4.

LANCE LARSON

The final . . . and the big question . . . could Farrel make one more swim . . . one more fast enough to finish no worse than second. There's never been a comeback quite like it.

Farrell tried, but faltered. "I've got no excuses," said Jeff after he placed third in the event in which a healthy Farrell set an American record of :54.8 seconds two weeks before the Trials. "I had a good dive, but a sloppy turn. And I hit the lane line a couple of times.

"But when you boil it all down, I just didn't swim a good race. The others did."

The winner was 20 year old Lance Larson, a junior at Southern California who two weeks ago set a world record in the 100 meter butterfly. Larson churned the 100 freestyle in :55.0 good enough to break the listed American record. Second was a surprising Harvard senior, R. Bruce Hunter :56.0, who worked out with Farrell under Coach Bob Kiphuth at the New Haven SC. The others fiinshed in this order: Jeff Farrell :56.1, James Spreitzer :56.2, George Harrison :56.1, Lyman Morris :56.4, Robert Kaufman :56.4 John McGill :56.9.

MEN'S 400 METERS FREESTYLE

Seven heats made up the field for the 400 freestyle, Eugene Lenz, 23 year old California Poly senior qualified winning in the first heat in 4:27.9 in a new American citizen record. None qualified from heat two. In heat three, popular George Breen, Indianapolis AC, lowered Lenz's mark with a steady 4:26.4. Dennis Rounsavelle, LAAC, 4:28.9 also qualified for the final.

Heat four went to Gus Stager's Bill Darnton, Detroit AC, in 4:29.4. In the fifth heat, Doc Counsilman's Indiana mainstay, Alan Somers, showed great strength as he powered to a new American Citizen record of 4:24.5. Also qualifying from the same heat was Jerry Macedo, Santa Clara, 4:29.7. Gary Heinrich, Cincinatti Coco Cola, won the next heat in 4:33.2, well off the best times, and out of the finals.

ALAN SOMERS

The last heat was a real race as George Harrison, Santa Clara and Peter Sintz, Indianapolis AC, battled down to the end with Harrison out stretching Sintz 4:29.3 to 4:29.7.

Many age group swimmers entered the 400 and a few of the better times were: Carl Robie (15) Vesper Boat Club, 4:33.7, Tom Murphy (15) 4:51, Dale Kiefer, New Trier SC (16) 4:56.0, Dick Williams, Indianapolis AC (16) 4:37.1, Roy Saari, (15) El Segundo SC 4:36.9, Dick Boyd (16) Multnomah AC 4:42.5, Bill Farley (15) Los Angeles 4:38.8, Dave Abramson (15) Knickerbocker SC 4:33.6, Bob Benson (15) Santa Clara SC 4:33.1, Harrison Merrill (16) Atlanta, 4:29.3.

The finals saw Eugene Lenz, 4:26.2, split the Indiana pair of Alan Somers, winner, in 4:25.1 and Breen who finished fifth in 4:30.2. Lenz, the California boy, fairly bubbled as he came in second. "Can you imagine? . . . I'm going to Rome." Last fall Lenz was ready to quit swimming until he came up with a third place medal in the Pan-Am games. "I can't believe it", Lenz kept repeating, and maybe he couldn't.

Jerry Macedo swam his best time ever in placing third in 4:27.4. Bill Darnton, 4:28.6, bettered his prelim time and still could do no better than fourth. George Breen at 4:30.2 edged Dennis Rounsavelle 4:31.3, Peter Sintz 4:33.6 and George Harrison, who blew it in 4:47.4.

1500 METERS FREESTYLE

Twenty-two distance men vied for the two places in the 1500 freestyle. Pre-race favorites were the Hoosiers Alan Somers and George Breen. An outside chance for upset was given to Roy Saari, 15 year old El Segundo, National Long Distance champion for two straight years.

In a cold damp morning, the swimmers lived up to the experts picks as Somers qualified first in 17:55.0. Other qualifiers were Breen 18:12.5, Winston Pendleton, Detroit AC 18:21.9, Warren Uhler, Detroit AC 18:35.5, Brian Foss, San Leandro 18:25.1, Roy Saari, El Segundo SC 18:28.4, Ray Burry, Detroit 18:43.4, Tom Bucy, Los Angeles AC 18:47.9

Age group swimmers left good times in the record books, notably Ronnie Wirth 14, Rosemont, Pa., 19:52.8, Richard Boyd 16, Multnomah AC 19:27.9, Bill Burson 15, New Trier SC 20:13, Bill Farley, 15, Los Angeles 18:49.7, and Dick Allen 15, Indianapolis AC 19:43.3.

The final was almost a synchronized swim as Indiana University sophomore Alan Somers and George Breen, taking graduate work at Indiana University, went out in the 30 lap race as if tied together. They finished the same way, a half pool ahead of Roy Saari, in the identical times of 17:40. The judge's decision gave the race to Somers. Young Somers said after the race, "George was real shook before this race. We decided to shoot for a time of 17:35 and stay together. We wanted him with us in Rome. Earlier this year, swimming together in a 1500, I went for a sprint at 700 yards and he broke his stroke and lost out. We could have gone 17-18 seconds faster, but we raced hard only the last 50."

Continued from page 6

OLYMPIC TRIALS *Continued from page 5*

Whitey Saari, father of Roy, said, "We didn't think we could pull it off this year, but Roy deserved the try. He's only 15 and he did his best time. With steady improvement, he should be a strong contender for the games four years hence." Roy finished in 18:00.3.

The other finalists: Brian Foss 18:10.5, Winston Pendleton 18:21.5, Warren Uhler 18:34.4, Ray Burry 18:51.8 and Tom Bucy 19:00.2.

100 METERS BACKSTROKE

Youth and veterans were destined to fight it out in this event with coaches evenly split who should be ranked favorite. During the summer and again at the Men's Outdoor Nationals, Indiana University freshman Tom Stock beat Frank McKinney and at the latter meet, the 1960 National Indoor champion, Charles Bittick. In California, 16 year old Bob Bennett, Kris Kristenson SS, consistently beat all comers in the backstroke event. In Ohio it was Louis Schaefer, and in Chicago, a 15 year old schoolboy, Roger Goettsche, New Trier Swim Club, was unbeatable.

BOB BENNETT

These, plus many others, made up the field of 5 heats. The first heat saw a wing ding battle as Lester Cutler, Grosse Point, took the heat in 1:03.7 to qualify fourth. John Roethke, Donner pool, in 1:04.5 qualified seventh.

Heat two saw young Stock touch out Schaefer 1:03.6 to 1:04.6, qualifying third and eighth respectively.

Frank McKinney, with no one to push him; finished in 1:03.1 in the third heat to qualify second.

Heat four, a pressure cooker, saw schoolboy Goettsche beat champion Bittick by a fingernail . . . 1:04.0 to 1:04.1 as they qualified fifth and sixth.

Heat five was all Bob Bennett, as he showed a strong, solid stroke and finished in 1:02.6 to qualify first for the final, and break Stock's American record of 1:02.9 set two weeks ago.

All the ingredients for a tremendous final were jammed into the final, as strong men suddenly had weak legs, and with the cold water tightening up the athletes, they were as taunt as the strings on a fiddle.

At the gun, Bennett, McKinney and Stock seemed wired together but it was Bennett who flipped his turn first by an eyelash. They stroked to the finish line and only the concrete wall stopped them from going through as Bob Bennett lowered his own American record to 1:02.4 in winning. The North Hollywood, California boy had beaten Frank McKinney by .4 seconds as the Hoosier touched in 1:02.8. Tom Stock, Indianapolis AC, third in 1:03.2 followed by Louis Schaefer, Cleveland SC 1:03.8. Charles Bittick 1:03.8, Lester Cutler 1:04.0, John Roethke 1:04.3 and Roger Goettsche 1:04.5.

Age Group swimmers who swam qualifying trials were: Rich McGeagh (16), Glendale, Cal., 1:07.3, Don Schollander (14) Multnomah AC 1:10.0, Ken Wiebeck (16) Thurston SC 1:08.4, David Quick (16) Brookhaven CC 1:11.1, Ronnie Wirth (14) Rosemont, Pa., 1:08.7 and Jack Kiefer (14) New Trier SC 1:08.2.

200 METERS BUTTERFLY

This event attracted the smallest field and was considered a cinch for Indiana U's Mike Troy. Other favorites were Gus Stager's Michigan boys Dave Gillanders and Tony Tashnick. Peter Daland, Univ. of So. Calif. had his 100 fly champ Lance Larson already on the Olympic team, when qualifying heats started in this event.

MIKE TROY

Going to form, Dave Gillanders, Detroit AC, won heat one easily in 2:17.1 to qualify third.

Carl Robie, 15 year old Vesper Boat Club youth, took the second heat in 2:18.9 to qualify fourth, Lance Larson, Los Angeles AC, doing 2:21.6 qualified seventh, and Bill Barton, Indianapolis AC 2:22.2, qualified as the eighth.

Mike Troy, Indianapolis AC, set a new world record in 2:14.1 in winning the last heat. Tony Tashnik, Detroit AC, 2:16.8 placed him second for the finals. Another of Ray Essick's New Trier SC boys, Fred Schmidt, 16, qualified fifth in 2:20.3. Richard Kitchell, Indianapolis AC, 2:20.8 made the sixth spot.

In the final, Larson fluttered to a 2 yard lead in the first 100 meters, but at the 150 mark Troy took over crowded by Gillanders to the finish. Troy's new world record — 3:13.2. Gillanders had 2:14, Tashnik 2:15.5 a splash ahead of Larson 2:16.0. Then Robie 2:18.2, Barton 2:22.4, Schmidt 2:24.0 and Kitchell 2:26.0.

Davie Gillanders was the nation's finest butterfly artist until Troy came along. "I beat him only once — in the Pan-Am games last summer", said Gillanders, happy to be second.

"I set out to stay even with his feet and not let him pull away. I thought that would put me on the team."

It did. Gilander's time was his best by several seconds. For Tashnik, it was a heartbreaking loss. As for Larson, he would gladly have changed places with Gillanders, as butterfly is his favorite stroke.

200 METERS BREASTSTROKE

Like the women's event, only the first place winner would automatically make the team, yet six heats of competitors view for the honor.

It took 2:46.4 or better to make the final, and four swimmers bettered the existing American record in making the finals. California strokers Robbie Griesser, Huntington Beach 2:40.1 and Paul Hait, Santa Clara SC 2:40.2 qualified one-two for the finals. Other finalists were: Fred Munsch, Grand St. Boys Club, NY 2:42.3, Charles Griffin, USNA 2:42.3, William Mulliken, Oxford, Ohio 2:43.1, Chet Jastremski, Indianapolis AC 2:43.8, Ken Nakasone, Indianapolis AC 2:44.0 and Elliott Maynard, Portland, Me., 2:46.4

The finals saw the Californians freeze up in the cold waters of Brennan Pool as Mulliken's 2:40.9 was fast enough to gain the coveted award. Jastremski by a heart beat over Munsch 2:41.5 to 2:41.6, Nakasone 2:42.9, Griesser 2:43.9, Griffin 2:44.3, Hait 2:44.8 and Maynard 2:52.1.

Ron Clark, Univ. of Michigan, and regarded as one of the world's best, fared worse than the California boys as he was disqualified for dropping a shoulder going into his turn. Gus Stager, Olympic Coach and Clark's coach said, "Clark has an off day now and then. And that's what happened."

Age Group swimmers: Franklin Naylor (16), Encanto AC 2:55.8, Ken Frost (16), Marin Pirates 2:51.4, Dick Schaible (16), Covington - Los Altos SC 2:48.1, John Pearson (16), San Leandro Beavers 2:52.8. Cary Tremewan (15), Berkeley Y 2:46.4, Tom Tretheway (15), Mt. Lebanon AC 2:48.8, Ralph Kendrick (16), San Leandro Beavers 2:46.6, Dennis Ruppart (16), Marion Ohio Olympic Club 2:46.6, Richard Pomeroy (16) Berkeley Y 2:49.7 and Ronnie Wirth (14), Rosemont, Pa., 2:58.1.

100 METERS BREASTSTROKE

The second half of the swim for Rome, saw the field reduced by one heat from the 200 meters event. The experts figured Chet Jastremski had the inside track, but in this Trial of humans anything could happen.

PAUL HAIT

From heat one, Gardiner Green, Princeton, N.J., 1:15.3 and Gerald Miki, Air Force 1:15.5 and Fred Munsch, Grand St. Boys Club, N. Y. (placed behind Miki on judges decision) 1:15.2 made the finals.

Heat two saw tall, skinny Robbie Griesser, Huntington Beach, Calif., better the existing American record with a 1:13.8.

In the third heat it was all Ken Nakasone, Indianapolis AC in a 1:15.0.

Heat four saw Paul Hait, Santa Clara SC, come back to equal the American standard of 1:14.2, but good enough to qualify only third behind Griesser. Young Dennis Ruppart, Marion (O) Olympic Club in 1:15.9 just did make the final.

In the last heat, Jastremski answered Griesser's challenge, with a new American mark of 1:13.4 to qualify first.

OLYMPIC TRIALS *Continued on page 6*

Boys still in age group turned in times like these: Dick Schaible (16) 1:18.2, John Pearson (16) 1:18.8, Ralph Kendrick (16) 1:20.5, Ken Frost (16) 1:19.5, Cary Tremewan (15) 1:17.4 and Tom Tretheway (15) 1:17.0.

In the final it was the Indiana lads who tightened as the two California qualifiers made up for their lapse in the 200.

Hait torpedoed in at 1:13.5 followed by Griesser at 1:14.1. Miki touched at 1:14.9 then Jastremski 1:15.2, Ruppart 1:15.5, Nakasone 1:15.4, Munsch 1:16.2 and Green 1:17.8.

Hours later . . .about 11:45 P.M., the officials voted Paul Hait as the second man in the breaststroke.

200 METERS FREESTYLE

This was last chance at the Brennan "corral". Fifteen times the starter's gun cleared them off the blocks. And when the smoke of the final shot had cleared the pool, 16 had made the round of 16 . . . to qualify for the 800 meter relay squad.

JEFF FARRELL

George Harrison, Santa Clara SC, sprinted to a new American Standard of 2:02.9. Last place qualifier, Lyman Morris, Air Force, 2:08.1 sandwiched in a determined Jeff Farrell and a dozen more hopefuls.

Making semi No. 1 were: Richard Blick, No. Cent. Coll, 2:04.8, Bill Darntan, Detroit AC, 2:05.3, Jeff Farrell 2:05.6, John House, Los Angeles AC, 2:06.2, Peter Sintz, Indianapolis AC, 2:06.7, Claude Thompson, Donner Pool and Bill Chase, New Haven SC, 2:07.7.

Semi No. 2: George Harrison 2:02.9, Tom Winters, Los Angeles AC, 2:05.1, Doug Rowe, Los Angeles AC, 2:05.2, Dennis Rounsavelle, Los Angeles AC 2:06.3, Steve Clark, Santa Clara SC, 2:06.5, David Lyons, New Trier S.C., 2:07.5, Denny O'Neil, Indianapolis AC, 2:07.5 and Lyman Morris, 2:08.1.

From the two semis, these were the chosen eight: Harrison 2:03.2, Blick 2:04.6, Darnton 2:04.8, Rowe 2:05.1, Farrell 2:05.9, Winters 2:05.7, Clark 2:06, House 2:06.

The last 200 meters of the "Road to Rome" . . . 2 would miss, and for the others it was the reward for "365 days a year" for so many years. Their entire competitive years tormented their sleep the night before the final.

The lineup on the blocks, the gun, the heat was on. Farrell, about seventh at the final turn, responded to the roar of, "Come On Jeff . . . Go Jeff", by 6,000 crowded frenzied spectators, as he called on his last reserve of strength and courage to take fourth in 2:04.6.

Harrison, winning in 2:03.1, was overlooked in the scramble for the other five places. Blick at 2:04.2 outsplashed the hometown favorite Darnton 2:04.4. Then Farrell 2:04.6, California's Winters and Clark 2:05.1. Missing the ride were Rowe 2:05.7 and House 2:05.8.

Farrell said, "I'm very grateful . . .this is the way I wanted to make the team."

Swimmers still eligible to swim in age group made an accreditable showing churning up these times: Dick Boyd (16) MAC 2:12.9, David Abramson (15) Knickerbocker SC 2:08.6, Dick McGeagh (16) Glendale 2:17.5, Don Schollander (14) MAC 2:13.9, Carl Robie (15) Vesper Boat Club 2:09.6, James Spreitzer (16) Portage Park 2:09.2, Bob Benson (16) Santa Clara SC 2:08.4, Denny O'Neill (15) IAC 2:07.6, Dick Williams (16) IAC 2:10.2, Bill Burson (15) New Trier SC 2:17.6, Bill Farley (15), Los Angeles 2:12.9.

11 BOYS' NATIONAL AGE GROUP AND THREE GIRLS' NATIONAL MARKS SET AT PHILA. MEET

Philadelphia, Pa. – Age Group swimmers took dead aim at the National Age Group marks at the 5th Annual Philadelphia Open Age Group Meet, July 20, 21, and when the last splash had settled in the Kelly 50 meter pool, a total of 14 new age group records had been broken. The meet, sponsored by the Philadelphia Swimming Directors' Society, attracted competitors from as far west as Arizona, and as far south as Florida.

National records as follows: BOYS–10 & under 200 meter free relay, Suburban SC 2:22.6; 11-12 50 meter breaststroke, John Robertson, Suburban SC :38.6; 200 meter freestyle relay, York YMCA 2:06.8; 200 meter medley relay, York Y 2:24.5; 13-14-100 meter backstroke, Fred Woertman, NYAC 1:09.4; 200 meter medley relay, York Y, 2:12.5, 200 meter freestyle relay, York Y 1:57.8; 15-16 100 meter freestyle, Bill Groft, York Y :58.2; 200 meter individual medley, Charles Gantner, Westfield Y 2:28.7; 400 meter freestyle Carl Robie, Un, 4:38.3; 200 meter medley relay, York Y 2:03.9.

Junior Swimmers of the Month

JEAN ANN DELLEKAMP

WISP OF A MISS CAN'T MISS

"She has a wonderful temperament, she's a tremendous competitor, both as an individual and team member, and she's willing to make great sacrifices," said Gene Lee, Indianapolis Athletic Club Swim Coach as 13 year old Jean Dellekamp stroked to a 1:24.1 to finish 5th in the 100 meter breaststroke Olympic Trials. That is why a great future is predicted for this 13 year old age group breaststroke specialist.

Coach Lee continued, "Jean's disposition, her great determination and cooperation to coaching, a quality also manifested by her parents, who in leaving her completely in the hands of her mentors, have aided tremendously in her rapid development."

Jean Dellekamp, a native of Shelbyville, Indiana, came to the Indianapilis Athletic Club to dive. Her development into a solid breaststroker first brought slight notice in 1959 in the National Age Group Five Best Times, as she tied for second in the girls 11-12 50 meter (sc) :42.1, tied for third in 50 meter (lc) :41.5 and second in 100 meter (lc) in 1:28.0. At the Pan Am Trials she did 3:16.0 for 200 meters.

Then another year of training. In the winter, Jean works four to five days a week, each session of two hours duration. This winter training starts in October and each workout is prefaced by 45 minutes of calisthenics especially designed and conducted for the swimmers by Ned Teany, Athletic Director. The rest of the session is devoted to working longer distances . . . kicking and pulling, basically in stroke specialty. This is continued through a winter season predominated by dual meets with a few AAU meets.

Training drifts gradually into repeats in this 25 yard indoor pool until school is out, when workouts are increased to two per day, each two hours, all long course.

TOM TRETHEWAY

STEELER COPS BREASTSTROKE HONORS

Out of the Pittsburgh area emerges one of the greatest potential swimmers since Al Wiggins. He's Tom Tretheway, 15 year old high school sophomore from Mt. Lebanon, Pa.

Tom's first acquaintance with competitive swimming came when he joined the Mt. Lebanon Aquaclub "because he thought maybe he could learn to be competitive". True, he wasn't competitive when he joined in the summer of 1957, but by early spring, 1958, he had blossomed out as a top breaststroker, winning his first gold medal in age group competition.

Immediately after turning 15, he set a new record for the 200 yard event in 2:35.4. And recently bettered the national mark in the 15-16 100 yard breaststroke held by W. Fujisaka of Hawaii (1:06.3) with a time of 1:05.9. At Cuyahoga Falls, his 1:16.2 set a new national age group record for the 100 meters (lc).

Tom has also had a spectacular high school season, winning the Eastern Interscholastics and the Penn. State title with a new low time of 1:04.6 for the 100 yard breaststroke which is but 4-tenths of a second off the new record of John Pearson, San Leandro, Calif. He was on the high school medley relay team that tied the existing national mark of 1:45.5 for 200 yards (sc) and he breaststroked on the Lebanon Aquaclub Medley Relay team that won the 1960 Jr. National 200 yard event with a new record of 1:49.9.

At the Senior Nationals, his 1:15.9 for 100 meters placed him 12th.

His 2:48.8 in the 200 meters breaststroke at the Olympic Trials missed qualifying by 02.4 seconds.

Mike Romzy, his Aquaclub coach says, "Tom is destined to be one of the nation's greatest breaststrokers" and Bill Grant, his high school coach has this to say: "Today he's probably the best high school potential breaststroker in the country. If he continues to have the same mental attitude and the same training habits, he could be the one to break a minute for the 100 yard breaststroke".

KROUGH TAKES MEN'S JR. NATIONAL FREESTYLE

DARRAH SETS JR. OLYMPIC MARK

Leawood, Kansas — Jody Darrah, Wichita Swim Club, lowered the Jr. Olympic record in the girls 11-12 50 yard butterfly (sc) on July 16 at the Missouri Valley Short Course Jr. Olympic Meet. Jody won the event in a new record time of :30.4. In checking the short course records received to date, this time would appear to be the best in the country.

Jim Garvey, Wichita SC, in the boys 10 & under 50 yard butterfly set a mark of :32.2 that also appears to be the best in the country.

Triple winners were: Garvey 10 and under, Martin Holmer, 13-14, Wichita SC, Jack Hove, 15-16, Homestead Country Club, Jody Darrah, girls 11-12, Wichita SC, Priscilla Tanner and Cindy Darrah, girls 15-16, Wichita SC.

With a phenomenal growth in the past five years, age group swimming came into its own with this first Missouri Valley A.A.U. Junior Olympics Short-Course Meet held at and sponsored by Leawood Country Club. The meet drew a field of 550 competitors from the area of Missouri and Kansas.

Hundreds of youngsters in the Greater Kansas City area participate in weekly dual and triangular meets among the various country club swim associations. Topeka has an annual long-course Junior Olympics meet in August, and the Homestead Country Club held their sixth annual A.A.U. Invitational Meet on July 23 and 24, but this is the first Jr. Olympics Championship meet held in this area.

TRIALS $ $ $ SUCCESS

Chuck Mayne, general chairman, indicated that two days of rain had cut sharply into the expected gate receipts. But even so, the attendance far exceeded that of the 1956 trials with over 30,000 watching the country's greatest swimmers and divers in the 12 sessions. The $60,000 turned over to the U. S. Olympic Committee was $10,000 more than Detroit gave the committee in 1956 and exactly doubled the guarantee offered by the Detroit Athletic Club Beavers. Meet Director, Clarence Pinkston, worked as hard as the competitors in staging one of the greatest events in swim annals.

JOSEPH R. ROGERS, III

THE MAJORITY LEADER AT THE CONGRESSIONAL

November, 1956 was an eventful month for President Ike . . . but it was a bigger moment for one, Joseph R. Rogers, III, a career man in aquatics who, having finished his stint of military duty, was summoned to Washington's Congressional Country Club to assume the office of "Director of Aquatics – Head Coach of Swimming."

Since the beginning of his term of office some four years ago, Mentor Rogers has developed a strong, solid platform which has led his team to prominence on the Mid-Atlantic coast. His young age group swimmers have won many National Age Group honors and have progressed in ability to the level of national open contention.

LIKE FATHER LIKE SON

There's good reason why Joe Rogers has been so successful in the development of his young swimmers. Joe has been steeped in swimming since his early formative years. His father, a past president of the National College Swim Coaches Association, has been Swimming Coach at the University of Massachusetts for the past 29 years.

Rogers III plunged into his first competitive swimming while at Amherst High School, Mass. In his senior year, he captained the team and won various state titles.

Joe naturally went to Massachusetts U. where he competed for four years, and upon graduation coached the Amherst High team. Next stop for the Massachusetts swimmer was the U. S. Army, and while in the service, he taught swimming and coached for Bill Armstrong, AAU National Men's Swim Committee member, at the capitol's Ambassador Hotel.

AGE GROUP BOYS of the Congressional CC team are (L to R): Front Row—M. Noonan, M. Parks, D. Flanagan, J. Parks, P. Parks, P. Conroy, P. Loret, C. Sundell. Center Row—J. Williams, B. Richards, S. Meehan, J. O'Conner, C. Given, J. Parks, D. Barnhard. Back Row—T. Williams, B. Covington, G. Meehan, R. Barr, D. Hoof.

THE BIG FOUR AT CONGRESSIONAL Country Club . . . (L to R) Eileen Cirillo, Dale Barnhard (both 12), Carolyn Coffman 16, and Dennis Johnson.

When Joe Rogers received his honorable discharge from the army, he became the Swim Coach at the now swim famous Congressional Country Club.

WORKOUT AND PRACTICES

In the fall, during October and November, Rogers proteges work on dry land exercises and long distance swimming. During this fall period, the average work-out is 1¾ hours a day, six days a week. Joe says, "Because of existing facilities and time, our training methods are not of the best. We have approximately 50 swimmers during the winter and our pool is but 20 yards long by 20 feet wide. Being a country club the pool is open to the club members during the practice hours so that we are cut down to half the width more than 60% of the time." Still the records bear out the sound coaching of Rogers.

The squad tries to cover 2-3 miles per workout during these early fall months. December is filled with repeat 200's and 400's on alternate days. From January through March, repeat 40's, 60's and 100's are the rule. April and May workouts revert back to land exercises and long distance swimming with concentration on strokes.

In the summer, Rogers brings into use the club's outdoor 100 foot pool as well as continuing to use the indoor. The tempo of training is picked up with morning and afternoon sessions. Morning workouts call

for distance work and the sprints come in the late afternoon. All workouts are done in pace repeats. In August, time trials are held every third day. September is the club's month away from the water.

CONGRESSIONAL'S BEST

Coach Rogers' swimmers are no strangers either in age group meets or in open competition. Dennis Johnson went into the 1960 Senior Men's Indoor Championships at New Haven and swam a :51.3 for the 100 yard freestyle and :57.1 for the 100 yard butterfly.

In 1959, Tommy Murphy was a high school All-American in the 400 yard freestyle (4:17.1). Due to illness he was out of most of the 1960 indoor season. At the Olympic Trials, Tom, still not in top shape turned in a 4:51.0 for the four hundred meters.

Carolyn Coffman, 16, swimming the butterfly for about one year, went to the Pan-Am trials and qualified 8th in 1:14.8. She also had the best time in 1959 for the 100 yard butterfly, 20 yard course for girls 15-16 (1:05.2).

Another outstanding girl is Janet Gallagher. In the 1959 five best times for the girls 15-16 bracket, she placed first in the 50 meter freestyle (sc) :30.2, placed first and set a new national record of 2:16.3 in the 200 yard freestyle (sc) placed third in both 100 meter freestyle (lc) 1:09.1 and 200 meter freestyle 2:35.9 and 1st in 200 meter freestyle Jr. Olympics (lc) 2:30.8.

Two of the nation's best (11-12) are Dale Barnhard and Eileen Cirillo. Eileen just set a new national 100 yard breaststroke (lc) record of 1:19.7. This just beat her teammate, Dale Barnhard, for the first time who finished in 1:19.8. The old mark was 1:25.6.

Dale set a new national record in the 100 yard (sc) breaststroke for girls 11-12 in 1:18.9. In the senior District of Columbia Champs, Dale won both the 200 meters (lc) 3:09.3 and the 100 meters (lc) 2:27.7. Rogers says, "I think that these girls have tremendous potential and will be in the national picture in about two years."

Other good age group swimmers in the 10 and under are John Driver and in the 11-12 Maureen Meehan and Marie Conroy, who as 10 and under were the best in the area.

EIGHT STALWARTS of the Congressional CC, Bethesda, Md., who give strength and depth to the men's open division. (L to R)—Sheldon Arey, James Coffman, Danny Hill, Timmy Miller, Barry King, Bobby Briggs, Dennis Johnston, and August DeLuca. (Eight other boys were absent from photo.)

In the 13-14, a quartet of Timmy Miller, Greg Meehan, Dave Hoof and Ricky Barr make up a good group. The first two are fine distance swimmers with Miller doing a 4:32.2 for a 400 yard freestyle Hoof set a meet record of 1:03.5 in winning the 1960 Eastern Invitational Swim Champs at Greensboro. Barr, a sprinter has done :58.3 for 100 yards.

Sheldon Arey who placed in four events in 1959 Age Group Record Book, Danny Hill, winner of five gold medals at the Greensboro Eastern Invitational Champs, Don Briggs and John Georgi are the club's best boys 15-16.

Rogers has a well rounded team that is still in the building stage. In 1961, many of his swimmers will be among the nation's best in age group, and some will begin to make a good show at the national level. Rogers' next four year term will see his swimmers gain stature at both the age group level and as they move up the ladder to open national class.

THIRTY-TWO GIRLS SWIM HARD to keep the Congressional CC at the top. (L to R) Front Row, sitting — M. Parks, K. Meehan, K. Noonan, J. Woodward, N. Shea, M. Shea, M. Flanagan, S. Bligh and L. Richards. Center Row — B. Shea, N. Flanagan, B. Bligh, P. Brown, B. Covington, P. Bligh, S. Thomas, M. Clarke, K. O'Connell. Rear Row — K. Flanagan, K. Bligh, C. Clarke, M. Jones, J. Neale, J. Shea, M. Meehan, M. Conroy, E. Cirillo, D. Barnhard, D. Driver, P. Meehan, C. Coffman and Coach Rogers.

Swimmers . . . Away! . . . Away!

Minneapolis, Minn. — They call it the Navy Memorial Meet in the Minnesota district of the AAU — and the meet is dedicated to Navy men whose sacrifices, past and present, make possible our program in a strong, free United States.

Sponsored by the Hopkins Swim Club of suburban Minneapolis and utilizing the superb facilities of the U. S. Naval Air Station at Minneapolis, the second annual Navy Memorial Meet exploded August 13-14 with a total of 34 new AAU district records and one national age-group mark.

Top swimmers from 12 states in the mid-strip of the U. S.; 32 individual teams; more than 500 swimmers with 2,013 event-entries, zeroed in on the meet site — the 50-meter indoor navy pool, a huge, hangar-like building that arches up to five stories at the center.

This year Capt. D. J. Poole, Commanding, turned the Navy's part of the meet over to Commander Art Solberg, special services and Lt. Commander Brown, who is in direct charge of the pool. Tremendous cooperation by the navy with the Hopkins Swim Club, parents and meet director, Bill Stanton, made the meet a memorable success.

But the swimmers themselves were the big show. Probably the finest total competition ever, in Minnesota AAU circles, saw top honors pretty well split between local swimmers and the best of the out-of-state competition. The age-group program has taken a real hold in Minnesota in the last three years, and the over-all quality of the "locals" was something of a shock to the swimmers from swimming hot-spots like Ft. Wayne, Chicago, Wichita, and Omaha.

On a national basis, the outstanding individual performance was a 10-year-old torpedo, Terry Lee of Austin, Minn. Lee went a :43.0 for the boys 10-and-under 50-meter breaststroke in his preliminary heat. The national mark from last year is 43.8 by Tom Jarvis. Terry also won the 10-and-under 200-meter individual medley, the 50-butterfly, the 100-free; he was 2nd in the 50-free and 3rd in the 100-back. He returned home with the individual age group high-point plaque.

The Hopkins swimmers showed solid strength as they "crossed the T" to triumph, winning both the men's and boys' division and women's and girls' division — plus a number of the individual titles.

Coach Bob Johnson's Hopkins team won all age group team trophies except girls 11-12 won by Omaha Aquatic Club, and men's open won by Edina Swim Club.

WOMEN'S AND GIRLS' EVENTS

Holly Kaufmann and Kathy Uram co-piloted the Hopkins girls team to victory. Amazing Holly ended up with ten first-place trophies and the high point plaque for girls 13-14. Kathy won the women's 100-free and 100-back and ended tied for senior women's high point scoring with Sue Tuchfarber of St. Paul Wilder.

In senior women's events, 13-year-old Betty Jo Dragon of Hopkins turned in a tremendous performance in winning the 400-yard freestyle. Alyce Kay Sigler won the tough 200-meter butterfly for women, Kaufmann, the 400-meter individual medley, and Hopkins both relays. Mary McEnaney, Austin, successfully defended her Navy title in the 200-breaststroke.

The 13-14 girls events, except breaststroke, all went to mermaid, Holly Kaufmann of Hopkins as she won the 200-individual, 100-freestyle, 200-free, 100-back, and 200-butterfly. Holly, also on the winning relays, set four new state records in the individual events. Nancy Boettcher of Austin, took the 100-meter event in fast time ahead of Pam Bucklin.

In girls 11-12 the Omaha Athletic Club captured both relays and dominated the scoring. Two Omaha girls, Amy Longo and Sue Sinovich, tied for the high point plaque. Sheryl Grant of Minneapolis Ascension Swim Club won two of individual titles, in the 200 individual medley and the 50-breaststroke. Mary Burton, Hopkins, took the 50-free and Fay Sutter, Omaha, the 100-free. To spread the gold medals around, Sandy Braman of the Minneapolis YMCA won the 50-back, and Theresa Hoog of Ft. Wayne, won the 50 fly.

In the 10-and-under events for girls, the high point winner was Judy Humbarger of Ft. Wayne Y. The Ft. Wayne flyer carried off titles in the 200-individual, the 50-free, the 100-free, the 50-back, and the 50-butterfly. Deeanne Kiester also of Ft. Wayne, completed her team's sweep of the individual events by taking the breaststroke. Hopkins' depth won relays and places to win the age-group trophy.

MEN'S AND BOYS' EVENTS

A trio of three tremendous natators from famed New Trier Swim Club, Winnetka, Chicago suburb, just about took over the men's and older boy's events. Ray Essick's boys, Roger Goettsch, 17, swimming open only, Fred Schmidt in 15-16, and Jack Kiefer in 13-14 took the individual high point trophies in their groups and between them scored 93 points to give New Trier a third place finish in total men's and boys' scoring.

In Men's open events, Goettsche, already one of the country's best, took the 400-meter individual medley, the 400-freestyle, and 200-backstroke. Fred Schmidt, destined for greatness, took the men's 200-butterfly with ease. The Gopher Swim Club, University of Minnesota swimmers, took both relays, and Gopher sophomore, Steve Jackman won the 100-free and moved the state record down from 59.6 to 58.3.

Ken Glasser, a 14-year-old from Coach Rex Aubrey's Omaha AC, won the men's 200-meter breaststroke, ahead of college-level competition. 15-year-old Don Grant of Minneapolis Ascension was second.

In boys 15-16 it was all Fred Schmidt with victories in the 200-individual, the 100-free, the 200-free, and the 100-fly. He set new state AAU records in all except the 100-free. In the butterfly he moved the time from 1:08.5 down to 1:03.5 (in the prelims). Cris Strotz of Hopkins successfuly defended his 100-back title, and Don Grant won the 100-breast. Omaha won the medley relay and Hopkins the freestyle.

In the 13-14 age group for boys Jack Kiefer looking stronger with every swim, swept the 200-individual, the 100-free, the 200-free, the 100-back, and 100-fly. Glasser, Omaha, handily won his breaststroke event ahead of Doug Knudson, Hopkins. Omaha took the medley relay, Hopkins the free.

For the 11-12 age group, Hopkins Dave Lundberg outpointed Pat McCullour, Ft. Wayne for the high-point award. First in the 50-free and 100-free and on the two winning relays, he also touched second in the 200-individual and 50-fly and third in backstroke. Pat McCullour of Ft. Wayne Y won the 200-individual and the 50-fly. Tom Juhnke of Edina won the 50-breast and Gary Horton of Hopkins took the backstroke.

The 10-and-under was Austin's Terry Lee, best, with only Barry Mendelson of Chicago, swimming unattached, in 50-free, and Rich Garlock of Edina in the backstroke, preventing a Lee tidal wave.

TEAM WINNERS

In team scoring for the over-all men's and boys' trophy, Hopkins and Edina, neighboring suburbs in Minneapolis, staged a Donnybrook right down to the wire with Hopkins' 258½ to 234 for Edina. New Trier third 93; St. Paul Wilder fourth 83½; and Omaha Athletic Club fifth with 80.

On the women's and girls' side, Coach Johnson's Hopkins engulfed Omaha 251 to 111. Ft. Wayne Y, third with 97½, Minneapolis YW fourth 88½; and Edina and Austin (Minn.) were tied for fifth 78.

AGE GROUP SHOCKS *(Continued from Page 4)*

Heat two also supplied two qualifiers as 16 year olds Jackie Danielson, Multnomah 2:58.5 and Patty Kempner, Kris Kristenson SS 3:02 qualified 4th and 8th respectively.

The third heat winner, Marianne Hargreaves, Kris Kristenson SS 2:57.9 placed third in best times for the final and was the only heat competitor to make the finals.

Then came the fourth heat with 1960 Indoor champion, Susan Rogers, Greenwood Memorial Swim Club, facing 1960 Outdoor champion 15 year old Ann Warner, Santa Clara SC. Ann was right, as she stroked to a new American record of 2:52.5 for the fastest qualifying time. Susan's time of 2:56.6 was fast enough to qualify second. Then came the little 13 year old Roby Whipple, finishing third in the heat at 3:01.4 and qualifying sixth that captivated the huge crowd. This was the Covington - Los Altos girl's first meet of national importance, and she responded like a champion.

Other age group swimmers and their times: Diane Morris, (13) No. Va. Aquatic Club 3:09.6, Eileen Cirillo, 12, Wash. D.C., 3:16.5, Andrea Armbrust, (15) No. Va. Aquatic Club, 3:02.4, Erika Fisher, (16) Portage Park SC 3:13.2, Ann Reel, (15) Riviera Club, 3:11.1, Linda Clark, (16) Los Angeles AC, 3:03.0, Kay Powell, (13) San Leandro Beavers, 3:09.1, Dale Barnhard, (12) Congressional 3:09.6.

In the finals, Ann Warner swimming easily, won in 2:53.2 for the Olympic berth. Patti Kempner, as hot as the water was cold, knocked six seconds off her qualifying time to touch second in 2:56.6. Teammate Hargreaves followed with a 2:58.4, Susan Rogers barely out-touching Jean Ann Dellekamp 3:00.4 to 3:00.7. Then Danielson 3:01.8, Whipple 3:04.5 and Bancroft 3:41.9 as she made no attempt to win having to swim 3 finals in one evening.

In the 100 meters breaststroke, twenty six women answer ed the call for the remaining berth on the team. Four pressure packed heats produced a spread of but 1.2 seconds between the first and seventh place qualifier.

Jackie Danielson and Linda Clark qualified first in the 100 meter breaststroke with a time of 1:23.3. Indoor champion Susan Rogers, Patty Kempner and little Jean Ann Dellekamp all stroked 1:23.8. Marianne Hargreaves hit the wall in 1:24 and was closely followed by Ann Bancroft 1:24.6 and already Rome bound Ann Warner 1:25.1

Other age group swimmers and their times: Diane Morris (13) 1:30, Dale Bernhard, (12) 1:27.7, Patty Reel, (15) 1:26.4, Erica Fischer, (16) 1:26.1; Roby Whipple, (13) 1:27.9.

In the warm summer evening, a tension filled final, saw tightened athletes turn pale as they awaited the starter's gun. Ann Warner, loose, in contrast to the other seven finalists, stroked to a new American record of 1:22.3. Barely out-touched came Jackie Danielson, 1:22.6, and in the next lane to her left, Linda Clark's stretching fingers flicked the wall 1:23.8 just head of Patty Kempner 1:24.0. Electric timers couldn't separate Jean Dellekamp and Marianne Hargreaves at 1:24.1, then came Susan Rogers, 1.25.5 and Ann Bancroft, 1:25.8. Patti Kempner was selected for the team.

WOMEN'S FREESTYLE RELAY

The last places for the team were the six spots open in the 100 meters freestyle, and this was the last chance to make the boat.

SUSAN DOERR

Forty eight freestylers in seven heats answered the call by the clerk of course. This was it, as a poor turn or a late start could blow the trip.

Joan Spillane, Houston Dad's Club, turned in the fastest time for the semi-finals with a 1:03.8. Second fastest time was Vesper's Susan Doerr 1:04.1. The other semi-finalists and their times were:

Shirley Stobs, Miami Shore CC. 1:04.4; Ann Bancroft, Arlington, Va., 1:04.7; Donna deVarona, Berkeley Y, 1:04.7; Nancy Kanaby, Multnomah AC, 1:04.8; Judy Lochridge, Kris Kristenson SS, 1:05.5; Barbara Nullmeyer, Women's Swim Assoc., 1:05.7; Sylvia Ruuska, Berkeley, 1:05.7; Robin Johnson, No. Va. Aq. Club, 1:06.0; Suzanne Johnson, No. Va. Aq. Club, 1:06.1; Lyn Hopkins, Vesper Boat Club, 1:06.3; Molly Botkin, LAAC, 1:06.4; Kathe Simecek, Santa Clara SC, 1:06.4; Joyce Argo, Coral Gables SA, 1:06.5; Colleen Moore, Ill. Cath. SC, 1:06.8.

The semi-finals added more salt to the Brennan Pool, as tears of joy mixed with tears of sorrow. Only .8 of a second separated the first 8 as it took a 1:04.9 or better to make the evening final. The quick eight were:

Spillane 1:04.1, Kanaby 1:04.3, Stobs 1:04.4, deVarona 1:04.7, Doerr 1:04.8, Botkin 1:04.8, Nullmeyer 1:04.9, Ruuska 1:04.9.

And now for the "moment of truth" . . . this was it. And again the pressure added seconds to the final times. The hardest hit being Nancy Kanaby, whose poorest effort leading to the finals was 1:04.8, sliped to a 1:05.3 and missed the team. Fifteen year old Susan Doerr made sure of her Olympic trip as she thrashed to first in 1:04.2. The next five finishers and making the team were: Joan Spillane 1:04.6, Shirley Stobs 1:04.9, Molly Botkin 1:04.9, Donna deVarona 1:04.9, and Sylvia Ruuska 1:05. Barbara Nullmeyer missed by .1 as she clocked 1:05.1.

He also bettered the American record for 200 yards, at 1:47.9. The 200-meter effort failed as a world record because it was not in a "long course" pool.

Edina Swim Club, Minn., won the Junior National Mens 400 meter freestyle relay in 4:07.5. Swimming for Edina was Bob Smith, Jim Smith, Darrell Anderson and Bill Carney.

NATIONAL AGE GROUP (15-16) 400 YD. FREESTYLE RELAY RECORD BREAKERS RECEIVE THEIR AWARDS at the San Leandro Beavers relay carnival June 25-26, San Leandro, Calif. Parker). Pleasant Hill SC finished third in 4:37.6 (E. Hostorf, L. Williams, J. Sidorsky, B. Gardiner).

JEAN ANN DELLEKAMP *(Continued from Page 8)*

Showing steady improvement, the blond Hoosier tied for the silver medal at the 1960 Outdoor Nationals in the 100 meters in 1:23.8, and won the bronze in the 200 meters with a 3:03.7. At the Olympic Trials, the smooth breaststroker placed fifth in 200 meters in 3:00.7.

On age group level, she won the Indiana State Age Group 13-14 championship in 100 meter (lc) in 1:25.8 (she has a 1:25.3 national age group 13-14 record pending from Portage Park meet, July 3). At Indiana Jr. Olympics, her 1:15.0 set a National record for 100 yards.

Even Coach Lee is unwilling to predict how far this sensational 13 year old will go. With three more years of age group competition, Jean Dellekamp is sure to rewrite the record book in breaststroke.
